## **Update re: Boiler Issues**

Dear parents and carers,

Thank you for your understanding and patience in light of our decision to close the main site of Trinity Fields today. As you know, this was due to a broken boiler which resulted in no hot water or heating.

I have just been informed that the boiler needs a specific part which has been ordered and is expected to be fitted today/this evening. If this is the case, we will have hot water and heating tomorrow.

I have taken advice from H&S and from the school organisation team and have risk assessed the opening of the school. **I am pleased to say that school will be open tomorrow.**

By way of a contingency, if the part cannot be fitted today for any unforeseen reason, school will still be open tomorrow but unfortunately, this may mean washing hands in cold water and soap. I will notify parents if we are in the position.

If you have any concerns or questions, please don't hesitate to contact me. Thank you once again for your understanding.

With very best wishes

Dave Jenkins
