

# Safeguarding Policy for Pupils

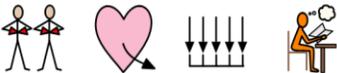

# Trinity Fields is a Rights Respecting School.

All staff will work together so that all pupils have their needs met.

We want all pupils to be:

1. happy;

2. safe;

3. independent;

4. able to make friends.

Staff want all pupils to be able to tell an adult if something is wrong or worrying them.

All staff want to keep everyone safe.

If you have a concern or a worry you can tell any member of staff.

Some of the staff you can tell are:

If your concern or worry is about one of the people above then you can tell

Sarah Ellis who works for Caerphilly.

Her telephone number is: 01443 866618. 

You can also speak to ChildLine. Their telephone number is: 0800 1111

Office staff will be able to help you to call them.

What will staff do?

All staff will work together to keep you safe.

If you have a problem we will get you help.

It is important not to keep things to yourself, especially if they are worrying you!

**Staff will help you:**

1. make good choices;

2. learn, keep healthy and make progress;

3. keep you safe at school, home and in the community.

**Staff will:**

1. always listen to you;

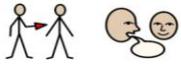

2. communicate with you using speech, signs and symbols;

3. respect what you say and not gossip with others about you.

If you tell a member of staff about a problem they will have to tell Elliott or

McGuirk.

Sometimes they will have to talk to someone else to make sure that the right

things are done to keep you safe.

These people might be your social worker, the police or parents and carers.

## E-safety and Mobile Phones

Not everyone on the internet tells the truth.

You must be very careful and check with staff if you are not sure.

If you look at things which are not safe then staff will stop you.

Staff will have to tell your parents.

Mobile phones are not allowed in school; if you do bring a mobile phone with

you it must be handed into the office until you go home.

## Photographs and videos

Being in a photograph is your choice.

No one can make you have a photograph taken.

Never have your photograph taken by someone you don't know.

If someone asks to take photographs or a video of you ask what it is for-

then tell someone.

Keeping you safe when you are cross

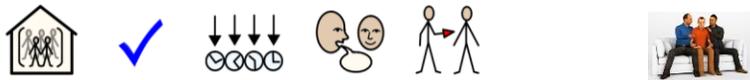

Staff care about keeping you safe.

If you get really cross and you cannot keep yourself safe then staff may

need to help you stay safe be holding you.

Staff will always tell you if they are going to hold you.

Staff will also tell your parents if they have held you.

They may also talk to you about being held.

Your parents may come to talk to us about this.

# Touching

Staff and other adults should always ask you before they touch you.

They may touch you to help you or if you feel upset.

Some people like to be touched by giving a high 5, shaking hands etc.

Some people don't like being touched; it can be painful for them.

If you don't like being touched you must tell staff "please don't touch me!"

If someone touches you in some of your private places or somewhere that

you do not like then tell someone. Don't keep it to yourself!
